Our School Story:

At Gilmore we “Care for Self, Care for Others and Care for Place!”

Staff at Gilmore have been working towards generating “common language” that will be meaningful and helpful to support our students and create common expectations while we are together during the school days. This language will help to anchor our school decisions as well as conversations that we have daily. “Care for Self, Care for Others, and Care for Place” will be introduced to our students as our common language over the next few weeks and will become weaved through all that we do at Gilmore. It is always helpful for home and school to be on the same page, so if you can begin to use this language at home in your conversations it will help to begin to evolve an understanding of what this language means to all of us as individuals as we spend our days together. Thank you for your ongoing support!

Mason Bees at Gilmore

Our pollinator habitat is in full swing! Our students have prepared and decorated several Mason Bee homes, and beautiful pollinator baths have been placed around the garden. These are vital in supporting our living world around us and a great way for us to care for our place!

These Mason Bees are a solitary bee from North America. They are not aggressive and do not sting, but they are amazing pollinators! They are blue and black in colour but you can tell them apart from flies because of their long antennae. Mr. Johnsen is happy to discuss more with anyone who is interested!

Gilmore Return-It Account

A reminder of the return it acct that Gilmore has set up at the Blundell “Return-It” location. We appreciate any support you can offer by returning your recycling. The phone number associated with the account is 604-668-6268. Please use clear bags with no pull strings when returning bottles. The funds will continue to be used to help subsidize our Grade 6 Outdoor Ed Camp Jubilee fees.
